

JUNE 2022 NEWS

**Dear ROSA Community,**

Please see the following important announcements related to ROSA's work and governance:

**Agenda Set for June 24 Advisory Council Meeting**

Challenges to pre-construction fisheries surveys and adaptive strategies in ongoing project monitoring are among the topics to be addressed at the June 24 advisory council meeting. The meeting, which is open to the public, will take place online from 12:30-3 pm EST. You can view the [meeting agenda here](#) and [register here](#). We hope you will join us and participate in critical discussions that will inform ROSA's ongoing work.

**ROSA Seeks Two Commercial Fishermen for Advisory Council**

ROSA is accepting applications to fill two commercial fishermen seats on its advisory council. The ROSA Advisory Council provides strategic guidance for the organization, and helps define priority projects for staff and council committees. The council is comprised of representatives from commercial fishing, recreational fishing, state governments, federal agencies, regional fishery management councils, and offshore wind developers.

You can learn more in [this document that summarizes the opportunity and apply using this application](#). You may also obtain an application by emailing [info@rosascience.org](mailto:info@rosascience.org).

**Applications are due by July 31, 2022.**

If you have any questions, please reach out to me at [lyndie@rosascience.org](mailto:lyndie@rosascience.org).

Best Regards,

**Lyndie Hice-Dunton, Ph.D.**

Executive Director, ROSA
